Alderaan? I'm not going to Alderaan. I've got to go home. It's late, I'm in for it as it is.

- Remember, a Jedi can feel the Force flowing through him. The plans you refer to will soon be back in our hands.

Obi-Wan is here. The Force is with him. A tremor in the Force. The last time I felt it was in the presence of my old master. I care. So, what do you think of her, Han? I suggest you try it again, Luke. This time, let go your conscious self and act on instinct.

- Still, she's got a lot of spirit. I don't know, what do you think?

The Force is strong with this one. I have you now. Dantooine. They're on Dantooine. I have traced the Rebel spies to her. Now she is my only link to finding their secret base. The Force is strong with this one. I have you now.

I care.

- So, what do you think of her, Han? I want to come with you to Alderaan. There's nothing for me here now.
- I want to learn the ways of the Force and be a Jedi, like my father before me.

Look, I ain't in this for your revolution, and I'm not in it for you, Princess.

I expect to be well paid. I'm not in it for the money.

- So, what do you think of her, Han? I want to come with you to Alderaan. There's nothing for me here now.
- Besides, attacking that battle station ain't my idea of courage.

It's more like...suicide. Leave that to me. Send a distress signal, and inform the Senate that all on board were killed.
